Department of CSE (Data Science)

Program Educational Objectives (PEOs)

PEO 1: Professional Excellence

Graduates will establish themselves as competent professionals in Data Science and related fields, applying analytical, computational, and domain-specific knowledge to address complex problems in industry and research.

PEO 2: Lifelong Learning and Innovation

Graduates will continuously learn and stay updated with emerging technologies, methodologies, and tools in Data Science, contributing to innovation and knowledge advancement.

PEO 3: Ethical and Social Responsibility

Graduates will demonstrate ethical behaviour, effective communication, and leadership skills while contributing to data-driven decision-making in a socially responsible and inclusive manner.
